

Ealing Contraceptive Service

Although our walk-in clinics are closed our Medical Staff continue to offer telephone consultations with prescriptions for pills, patches and rings and advice about LARC (including extending use).

There are 6 WTE Doctors; including 2.8 WTE Consultants in Sexual and Reproductive Healthcare, across Brent, Ealing, Harrow and Hillingdon to share the workload. Please re-direct women who normally attend clinics (we have full access to our records) and any other women you feel we could help.

Telephone: 020 8966 6445

E-mail: lnwh-tr.contraceptivesupplies.nhs.uk

Details of services and information about methods can be found at:
