

EAR, NOSE AND THROAT SERVICES

HCA is the largest private hospital group in the world, and our UK centres across London and Manchester have more 'Outstanding' CQC ratings than any other independent acute provider.

SPECIALISTS IN EAR, NOSE AND THROAT (ENT)

HCA Healthcare UK's highly experienced ENT consultants use advanced imaging to investigate and diagnose all ENT-related conditions, including those of the head and neck in adults and children. We also offer a range of treatments including procedures that treat and manage the soft tissues of the head and neck region.

Expert-led, multidisciplinary care

As leaders in their respective medical fields, our consultants from different specialities meet regularly to review complex cases to ensure best possible care. They treat patients with ENT conditions ranging from mucus and hearing problems to head and neck cancers. Our consultants are supported at all times by a multidisciplinary team of specialists and clinical support staff.

A network of exceptional services

From complex ear, nose and throat surgery to tests and diagnostic procedures, we provide exceptional ENT care across our network of hospitals, outpatient centres and specialist clinics, including London Bridge Hospital's specialist Head, Neck and Thyroid Centre and The Portland Hospital for Women and Children. No matter what HCA UK facility patients visit, they can be assured of receiving outstanding care from leading consultants in a safe and warm environment.

We offer a full range of diagnostic and treatment options within our ENT service, including:

- Adenoid removal
- Balloon sinuplasty
- Ear pinning surgery
- External ear reconstructive surgery
- Frenectomy
- Functional endoscopic sinus surgery
- Grommets for glue ear
- Interventional sialography
- Laryngectomy
- Laser-assisted uvulopalatoplasty
- Mastoidectomy
- Parotidectomy
- Perforated eardrum repair
- Somnoplasty
- Speech and language therapy
- Thyroid surgery
- Tonsil removal
