

GENERAL SURGERY SERVICES

HCA is the largest private hospital group in the world, and our UK centres across London and Manchester have more 'Outstanding' CQC ratings than any other independent acute provider.

SPECIALISTS IN GENERAL SURGERY

At HCA Healthcare UK we provide comprehensive general surgery services and tailor care to the individual needs of each patient. We combine exceptional facilities, specialist investigation and state-of-the-art technology with the expertise of leading general surgeons.

Expert-led, multidisciplinary care

Our general surgeons are trained to perform a broad range of surgical procedures, using the most advanced and minimally invasive techniques to treat each individual patient's condition alongside a team of highly experienced sub-specialists and support staff. Together they treat conditions ranging from hernias to appendicitis and gallstones, and investigate unexpected weight loss, indigestion and other abdominal symptoms such as bloating.

A network of exceptional services

From complex surgery to straightforward procedures, we provide exceptional care across our network of hospitals and outpatient centres. This includes our dedicated specialist clinics for general surgery at The London Reflux Clinic and Abdominal Wall and Hernia Unit.

We offer the full range of diagnostics and treatment for general surgery conditions, including:

- Appendicectomy
- Bariatric surgery
- Breast surgery
- Cholecystectomy
- Colonoscopy
- Colorectal surgery
- Endocrine surgery
- Gallbladder removal
- Gastroscopy
- Hiatus hernia repair
- HPB surgery
- Inguinal hernia repair
- Laparoscopic hernia repair
- LINX reflux surgery
- Non-Obstetric Ultrasound (NOUS)
- Umbilical hernia repair
- Upper GI surgery
- Surgery for piles haemorrhoids
