

GYNAECOLOGY SERVICES

HCA is the largest private hospital group in the world, and our UK centres across London and Manchester have more 'Outstanding' CQC ratings than any other independent acute provider.

SPECIALISTS IN GYNAECOLOGY

At HCA Healthcare UK, we provide comprehensive gynaecology services to women and girls of all ages in a caring and supportive environment. Combining exceptional outpatient and hospital facilities, specialist investigation and technology with the expertise of top gynaecological consultants, we tailor all care to the individual needs of each patient.

Expert-led, multidisciplinary care

As leaders in their respective medical fields, our consultants advise patients on all aspects of reproductive health, including fertility problems, abnormal smear tests and difficulties associated with the menopause. They are supported by a team of specialist nurses that assist patients throughout their care.

A network of exceptional services

We aim to provide the very highest standards of care for patients. Our gynaecology service also includes nurse-led smear clinics at HCA UK's world-renowned Lister Fertility Clinic and The Portland Hospital for Women and Children. Some of our gynaecologists also specialise in more focused areas, including gynaecological oncology and urogynaecology.

We offer a vast array of diagnostic and treatment options within our gynaecology service, including:

- Cervical smear
- Colposcopy
- Endometriosis
- Fibroids
- Gynaecological ultrasounds
- HPV DNA test
- Hysterectomies
- Hysteroscopy
- Laparoscopy gynaecology
- Menorrhagia
- Pelvic ultrasound vaginal
- Physio after gynaecological surgery
- Menopausal symptoms – advice and treatment
