

# OPHTHALMOLOGY SERVICES

HCA is the largest private hospital group in the world, and our UK centres across London and Manchester have more 'Outstanding' CQC ratings than any other independent acute provider.

## SPECIALISTS IN OPHTHALMOLOGY

At HCA Healthcare UK, we provide comprehensive diagnosis and management of eye conditions. Our highly experienced ophthalmology consultants are focused on taking a holistic approach to all care, offering patients a greater understanding of the anatomy, physiology and diseases of the eye.

### Expert-led, multidisciplinary care

Our leading ophthalmologists work closely with a multidisciplinary team of sub-specialists to provide patients with the highest standards of care. We treat the full range of eye-related conditions, and patients visiting HCA UK will benefit from access to the very latest medical technology.

### A network of exceptional services

From unrivalled eye care for young children at The Portland Hospital to advanced treatments for adult patients at The Lister Hospital, we provide exceptional ophthalmology diagnostics and treatment across HCA UK's network of outstanding hospitals and outpatient centres.

Most of the treatments we offer are day-case procedures, and in many cases same-day appointments are available.

## Our treatments include:

- 3D optical coherence tomography scanning
- Phacoemulsification (cataract) surgery
- Corneal surgery
- Cosmetic and reconstructural surgery
- Implants for 'dry' age-related macular degeneration (AMD)
- Occluded ducts
- Oculoplastic surgery
- Retinal surgery
- Squint correction surgery
- Vitreo-retinal surgery
