

# UROLOGY SERVICES

HCA is the largest private hospital group in the world, and our UK centres across London and Manchester have more 'Outstanding' CQC ratings than any other independent acute provider.

## SPECIALISTS IN UROLOGY

At HCA Healthcare UK we provide extensive and personalised urology services to our male and female patients, in a caring and supportive environment. We combine exceptional facilities, specialist investigation and state-of-the-art technology with the expertise of leading urological and genitourinary consultants.

### Expert-led, multidisciplinary care

We're proud to work with world-class consultants including some from the UK's top NHS teaching hospitals. Our multidisciplinary teams are experienced in providing specialist care for conditions ranging from incontinence, impotence, infertility and urological cancer.

### A network of exceptional services

Under our care patients benefit from access to the very latest diagnostics, including gold standard multiparametric MRI (mpMRI) techniques and advanced, minimally invasive procedures through pioneering technologies such as the da Vinci® robot. Alongside our world-renowned hospitals, our urological network also includes The Prostate Centre and one-stop prostate clinics for same day testing and diagnosis for patients with an elevated prostate-specific antigen (PSA).

We offer the full range of diagnostics and treatment for urological conditions, including:

- Anorectal physiology tests
- Blue light cystoscopy
- da Vinci surgery
- Endoanal ultrasound
- Enlarged prostate
- Greenlight laser prostatectomy
- Impotence
- Infertility
- Kidney stones
- MR proctogram
- Multiparametric MRI
- Neobladder formation
- Neuromodulation
- Prostate artery embolisation
- Prostatic urethral lift implant
- Transurethral resection of the prostate
- Urinary incontinence
- Urological cancers
- Vasectomy
